Read the Work Bank and draw the food in the correct map.

Read and

Draw.

Word Bank

hotdog - tacos - tamales - enchiladas - hamburger - pizza

2

Read the article and write in the Venn Diagram the differences and similarities.

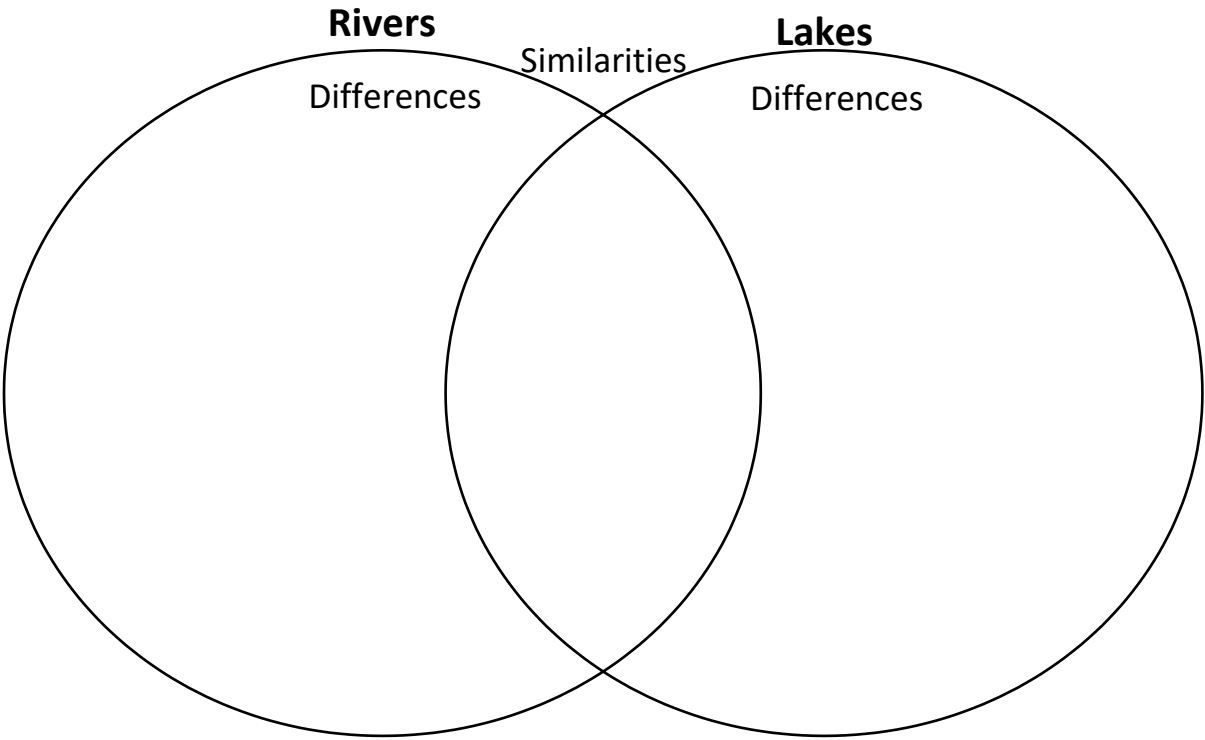

Read and

Write.

Rivers and Lakes

Rivers are a large body of water. They connect to a large body of water.
Rivers also are natural bodies of water. They can be found on every continent and nearly every type of land.

Lakes are a large body of water. They do not connect to another body of water.
Lakes can be either natural or artificial. They are mainly found in the northern half of the world.

3

Read the article and answer the questions.

The Teotihuacan Pyramids

The Teotihuacan Pyramids are the most popular day trip tourist attraction from Mexico City for good reason. The Teotihuacan pyramids are some of the largest in the world and the entire complex is incredibly well preserved. Because of its historical significance, Teotihuacan was declared an UNESCO World Heritage Site.

Walking through the Teotihuacan Pyramids is like taking a step back in time – you can almost feel the energy of this ancient city. However, little is known about the city and archaeologists still have not come to any conclusion after years of research. This is what makes Teotihuacan such a fascinating place to visit!

1. What pyramids did they visit?

2. How was Teotihuacan declared?

3. How do you feel when you walk by the Pyramids?

4. Is Teotihuacan a fascinating place to visit?

COMMANDS:

1

Read and

Draw.

T. tells Ss to read the Word Bank and draw the food in the correct map.
