Read and

Circle .

A doctor is a person who cures diseases by treating us and giving medicines. The doctor works in a hospital. There are many kinds of doctors. For example, the doctor who treats whole family is called “Family Doctor”; a “Dentist” is a doctor who cures our teeth; the doctor who treats the eye-related problems is the “Ophthalmologist”; the “Pediatrician” is a doctor who is specialist in child-related problems.

- |   |     |    |
|---|-----|----|
| 1. A doctor cures diseases.                               | Yes | No |
| 2. A family doctor treats whole family.                   | Yes | No |
| 3. The dentist cures our nose.                            | Yes | No |
| 4. The eye-related problems are treat by Ophthalmologist. | Yes | No |
| 5. The Neurologist cures the child-related problems.      | Yes | No |

# What Firefighters Do...

Read and

Write.

Firefighters are trained to control and put out fires. Firefighters must work quickly and as a team to keep fires from spreading. They connect hoses to fire hydrants and operate pumps to power the hoses to help control the fire. They may also need to rescue people who are trapped inside burning buildings.

1. What are the firefighters trained for?

\_\_\_\_\_.

2. How should firefighters work?

\_\_\_\_\_.

3. Where do firefighters connect hoses?

\_\_\_\_\_.

4. What's another thing firefighters sometimes need to do?

\_\_\_\_\_.
